Here you go. Please note that Region 8 may be sending additional information about a **Ex. 5 Deliberative Process (DP)** **Ex. 5 Deliberative Process (DP)**. I'm taking a look to see if we need to provide talking points on a few other state-specific issues, but didn't want to delay these from the OW team.

Subject: OW Talking Points for Western Governors Association Meeting

The Administrator is scheduled to host the Western Governors Association on Sunday Feb. 25, and I am working with Tate to pull together a set of talking points. So far we expect the governors of Alaska, Colorado, Hawaii, Kansas, Montana, North Dakota, New Mexico, Nevada, Oregon, South Dakota, Utah, Washington, and Wyoming to attend.

Can you send us updated talking points for the meeting on WOTUS, Pebble Mine, state assumption, Puget Sound no discharge zone, conduit theory, water infrastructure, and any other hot-button water issues involving these states? We'd like to get drafts by COB on Wednesday 2/21 if possible. Let Tate and me know if you have questions. Thanks.
